Report of Principal and School Improvement Council

Ridge Spring-Monetta Elementary/Middle School can be found in the small, agricultural community of Ridge Spring. Located in Saluda County, the school serves students from four counties: Aiken, Saluda, Edgefield, and Lexington. Several small towns are located in this area: Monetta, Ridge Spring, and Ward with the largest being Ridge Spring. Our Pre-Kindergarten-8th grade school includes approximately 630 students with an 86% poverty index. Our faculty and staff consists of fifty teachers, three administrators, two guidance counselors, and thirty-five staff members who work diligently to provide a standards-driven, student-focused environment.

Our Title I funds were used to decrease class size, add a four-year old class, increase home/school communication, provide professional development for teachers, and to put a greater emphasis on literacy, math intervention, and technology. Classrooms are internet accessible with interactive whiteboards. We have two stationary computer labs and three mobile labs with wireless access. In our middle school math classrooms, there are at least three stand alone computers for individualized enrichment and remediation. We also have electronic response systems. iPods. iPads, and document cameras that are utilized at all grade levels.

Community involvement activities included participation in the Grandparent's Day Breakfast, Learning Fest Night, Volunteer Breakfast, Terrific Kid and Teacher services, awards ceremonies, and a Middle School Orientation Night. Our School Improvement Council involves parents, community members, and teachers in the planning, monitoring and evaluating of our school program to ensure continuous improvement. We are fortunate to have local churches and community members who provide school supplies, the back pack food ministry, and programs such as, Laces for Love, Angel Tree, and Good News Club. Our arts program represents our school annually with community- school performances at the Ridge Spring Harvest Festival, parade, and local shows. Our school community raised funds for the American Heart Association by participating in Jump Rope for Heart and donated over five hundred cans of food to a local food shelter. Student Council sponsored a clothing and food drive to support the ACTS program in Aiken County. Additionally, we received a Fresh Fruit and Vegetable Grant from the State Department of Education to provide a healthy snack during the school day to elementary students.

Professionally, our teachers have continued to implement our district's reading initiative, establish and implement school-wide routines, implement Common Core State Standards (CCSS) and set goals to measure improvement in student achievement by providing a rigorous and engaging curriculum. Our focus remains on professional learning in writing across the content areas and application of knowledge. A continuation of data analysis, collaboration, and engagement will drive our efforts in order for us to strive towards our mission.

Callie Herlong, Principal Jason Rodgers, School Improvement Council Chairperson

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: http://ed.sc.gov/data/esea/ or request this information from your child's district or school.
